Important Dates

Monday, March 9: Teacher Workday

Thursday, March 12: 2nd graders field trip to the Durham Life and Science Museum

Friday, March; 13: World Dance

April 6-12 Spring Break

Curriculum this Week

Math

Students will review 3 digit addition and subtraction to increase accuracy, and continue to practice solving word problems with addition and subtraction.

Literacy

This week, students will read and write about the different types of pollinators. They are learning to carefully observe photographs and closely read text to learn details about the pollinators.

We will study review Letterland Units 15, 16, 17 for a Tri Weekly on Friday.

Science

Students continue to investigate and research about the characteristics and life cycles of different animals.

Thursday Field Trip to Durham Life and Science Museum

- Please refer to the lunch reminder form.
- Arrive to school on time!
- Wear comfortable shoes and appropriate clothes for the weather. Students will not take umbrellas.
- Do not bring money that day. Students will not be allowed to go to the museum store, or to buy food.
- Eat breakfast. We provide snacks and water, and then students will eat lunch when we return to school.
