Important Dates

Monday, April 8: Report cards go home

April 11th, 12th: Student Led Conferences

April 15-22: Spring Break

Wednesday, April 24: 2nd Grade Field Trip to the Durham Life and Science Museum

Student Led Conferences

Thank you to the many families who came to your child's Student Led Conference last week! We still have several more conferences this coming week. The students really enjoy sharing their goals and work samples with their families.

Curriculum this Week

Math

We will continue to practice reading and creating a variety of graphs. Students will practice answering questions about the data on the different types of graphs. Remember that your child can practice math skills at home during Spring Break on the DreamBox program.

Literacy

Students will read fables and practice retelling the fable with beginning, middle, and end. We will also practice identifying the moral or lesson of the fable. We are beginning a writing unit on opinion writing. Students will write a simple opinion piece this week.

Social Studies

Students will create a product with their small business, and then we will have a class market day to experience supply, demand, consumer and producer concepts.

Wonderful Walking Field Trip last week!

We were so fortunate to have beautiful weather last Thursday for our trip to Trader Joe's store. Thank you to Keira's and Noah's parents who helped us travel safely!

Next Week is Spring Break!

I hope your family has a safe and relaxing time!

Students return to school on Tuesday, April 23.
